

Concierge Communications Exceeds A Quarter of a Million Dollars in MRR Sales and Installation

Tempe, AZ, March 10, 2008 – Telesphere, a Phoenix-based managed telecommunications and Internet services provider, announced today that Concierge Communications, a master communications agent located in Tempe, AZ, has exceeded over a quarter million dollar of installed Monthly Recurring Revenue (MRR), have sold in excess of 100 locations that have been installed and being serviced by Telesphere and the locations sold and installed are located in over 40 states.

The solutions sold include Telesphere's BusinessSphere Connect, BusinessSphere Select, BusinessSphere Complete and BusinessSphere Remote solutions. The customer profiles include multi-location and single location companies and are in a variety of vertical markets including medical, real estate, finance, insurance, business services, manufacturing and more.

"We are pleased with the relationship we have with Telesphere and their consistent performance over the past five years as a managed VoIP provider in our provider portfolio" said Clark Atwood, Vice President of Technical Sales for Concierge Communications. "We have yet to find another VoIP provider that can match the private architecture, platform stability, customer service and feature choices. The one thing that stands out is the quality of the calls using a managed private network and all the benefits Quality of Service (QoS) offers our clients. We are seeing increased momentum in sales opportunities. When you have a provider that does VoIP right, you will have people referring you."

About Concierge Communications LLC
